

KENT CRICKET COMMUNITY

The Community Team is a department of Kent Cricket. It manages recreational cricket in Kent, from its grass root foundations through to the interface with the first class game and beyond. Its mission is to encourage, support and promote participation and development of the game at all levels, ages and abilities, and promote excellence in playing, coaching, officiating and the quality of both playing surfaces and social accommodation facilities.

We aim to create long-term sustainability for cricket in the county. Kent Cricket will identify the priorities, direction, scope and expectations of all stakeholders in cricket and deliver inclusion, excitement and involvement in the game. The focus will be on delivering the 'One Game' ethos by widening the appeal of the sport and ensuring as many people as possible stay the game and new participants 'get involved'. To view the Spitfires in the Community delivery plan, please visit www.kentcommunitycricket.co.uk/about/strategic-documents.
